The following pedigree gives a purity of his blood, with other interesting facts relating the purity of his blood, with other interesting facts relating to his career;

SAID (also spelled Sayed), as given by the groom of Nubar Pasha, Minister to France from Egypt, was fosled on the Min of March, 1886, at the stables of Nubar Pasha. His sire was the famous Khorassan, the property of Abdul Medjid. Said's dam was Obian, the property of Nubar Pasha, and is the descendant of the celebrated Janiscar, which icaped the citaded swalls with the last Mameiuts Bey when facing from Mahomed All in 1819. Therefore, Said is a cross between the Nedjid bread on the mother's side and the Anasseb breed on the side of Khorassan.

This grand Arab stallion exhibited wonderful powers of endurance and speed in the Abyssinian war, being ridden constantly by an officer during that campaign.
